

EVERY MINUTE
MATTERS

EVERY MINUTE MATTERS:

In a rapidly changing world, we are competing with worldly forces for the hearts and minds of the next generation. At CCC, we want to plan to compete for every minute by building a campus designed to get your family and your neighbors in a gospel-rich environment that pushes them to trust Jesus and live life his way.

EVERY MINUTE MATTERS PROJECTS:

- **Renovated Kids' Space**

The kids' area will be totally isolated and secure for the safety of each and every child. The atrium and welcome area will be expanded creating a primary kids' entrance. There will be cosmetic and room upgrades allowing for at least 450 children in attendance at a time.

- **Indoor Playground**

An indoor playground for kids and families to use year-round complementing the outdoor playground that has been widely used by our community during the summer months.

- **Weekday Preschool**

We will launch a weekday preschool, The Deb Wides Learning Center, in the newly renovated Kids' space. As Every Minute Matters, we hope to have the opportunity to influence and share the gospel with kids and families through the impact of a preschool. The preschool will be named The Deb Wides Learning Center in honor of the legacy of Deb Wides, former Kids' Director at Christ Community Chapel.

- **Updated Sanctuary**

The sanctuary space will be transformed and updated. We will move from pews to theater seating, new carpeting and improved surfaces. House and stage lighting upgrades allowing for a safer and more navigable space.

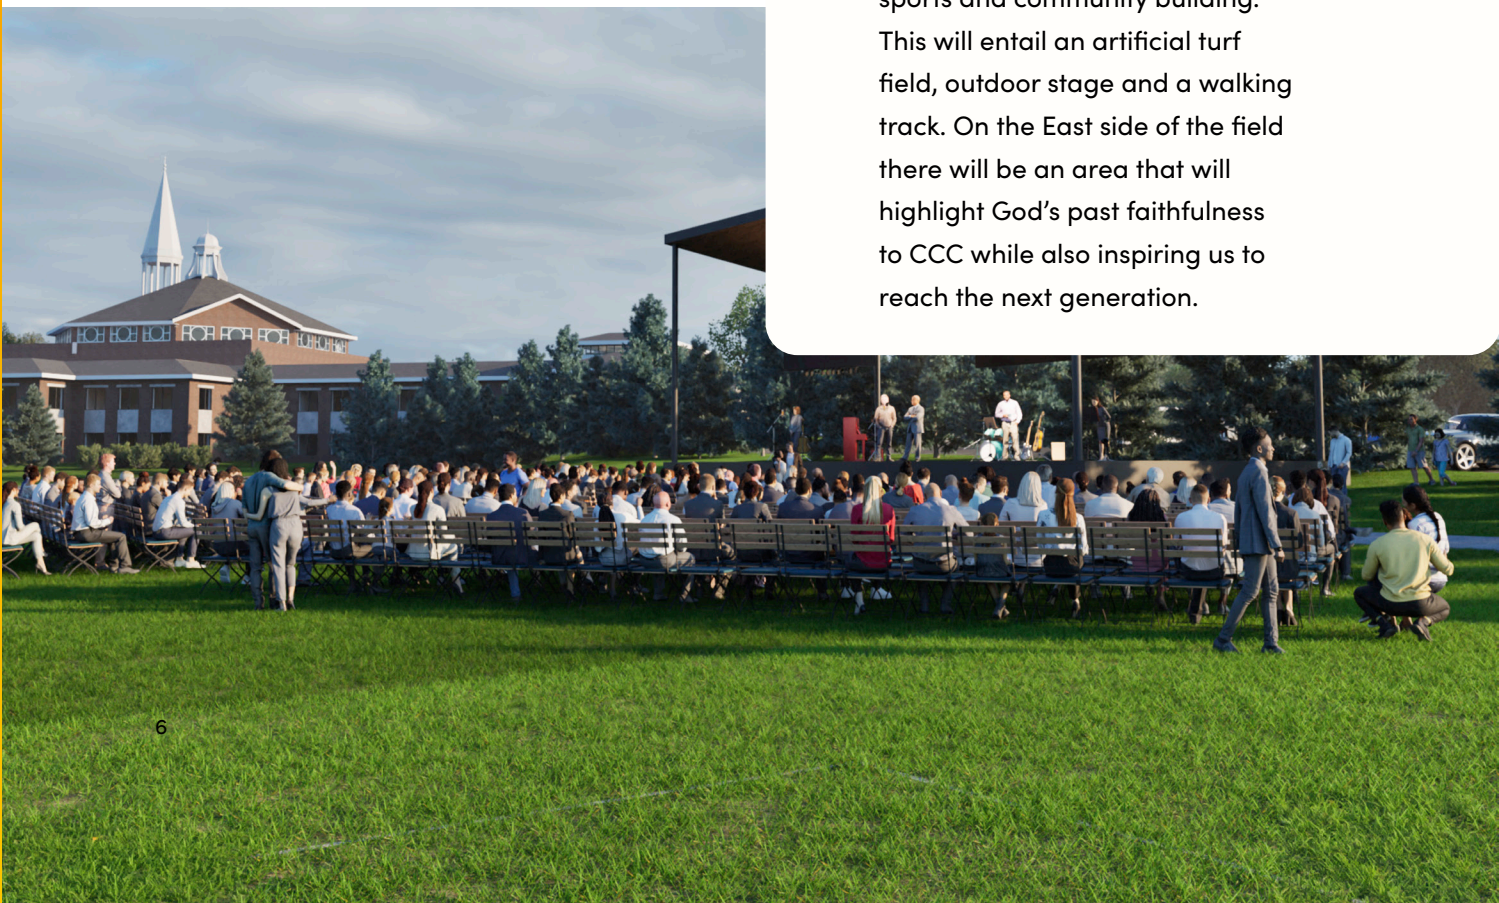

- **New adult classrooms**
Spaces will be updated with cosmetic improvements. There will be updates in the hallways to make them more navigable for guests and allowing for improved spaces to gather outside of classrooms.
- **New office space**
An attached office building allows for the reworking of the kids' space and adult classrooms.

- **Legacy Park**

Utilization of our outdoor space for sports and community building. This will entail an artificial turf field, outdoor stage and a walking track. On the East side of the field there will be an area that will highlight God's past faithfulness to CCC while also inspiring us to reach the next generation.

WHAT DO I DO NEXT TO PARTICIPATE IN EVERY MINUTE MATTERS?

- First, we ask that you pray about how God wants you to invest into Every Minute Matters above and beyond your regular giving. We have already seen God affirming this vision in monumental ways and we can't wait to see how God will use you in this.
- This is a two-year initiative, and our hope is that commitments can be fulfilled by May 2027. As you pray toward what your investment will be, know that you can spread out your giving.
- You can give to Every Minute Matters with cash, online giving, check, stock donation, a QCD from your IRA, or through a donor advised fund. If you have other questions about how you can give or need to communicate an extended timetable for your giving, reach out to Bob.Adamov@ccchapel.com
- Fill out the commitment card at the end of this booklet with your commitment amount.
- Sign up and attend **Commitment Night on Mar. 9 at 5 or 6 p.m.** where you will enjoy a meal followed by a time of worship, bringing forward commitments to Every Minute Matters, and an opportunity to write names of people you are praying for on the sanctuary floor. Commitment Night is for the whole family!

Some other things to know about Commitment Night:

- Bring back the piece of wood you received tonight. Write a verse, your family's name, or something else meaningful on one side of the wood. These pieces will come together to create an art installation that will be a reminder of what God has done and is doing through Every Minute Matters.
- If you lose your commitment card, no problem! We will have commitment cards available at Commitment Night.

FAQ FOR EVERY MINUTE MATTERS INITIATIVE

How much time do I have to fulfill my giving commitment?

It is a two-year campaign ending on May 1, 2027. After you make your commitment our finance team will reach out with a form to gather information on how and when you plan to give your commitment. This is being done to help us plan for when we will be able to work on the different projects.

CCC has always emphasized reaching non-Christians with the gospel. Does Every Minute Matters reinforce reaching lost people or is it more insular in its focus?

The Every Minute Matters initiative simultaneously provides greater space and opportunities for our own church family while also giving greater opportunity to invite non-Christian neighbors into our space and programs. From the preschool to the indoor playground, from the artificial turf field to an improved sanctuary, we gain increased opportunities to give the gospel to our own church members and those outside of our church family.

Would transitioning to a remote work model be a beneficial alternative to constructing an office building?

One of the best things about CCC is the team of staff who work and serve here. Collaboration and the time we spend working together allows us to do all that we do. An in-person workplace culture is foundational to who we are.

Are we planning to start a preschool to increase income at CCC?

The starting of a preschool is solely connected to our vision that Every Minute Matters for the kids in the region. Having kids with whom we can share the hope of the gospel at a young age and in a preschool format is why we are starting the preschool, not for any income. Our intention is to cover the cost of day-to-day operations through tuition income.

Will the sanctuary project expand seating?

We can currently seat approximately 750 people in the sanctuary. With the addition of theater seating and construction to the space, we will expand that to 1,000 people at a given time. We are evaluating the best ways to plan for continued growth and solutions to accommodating everyone who comes through the doors of CCC.

Could investing this money in missions create a greater impact?

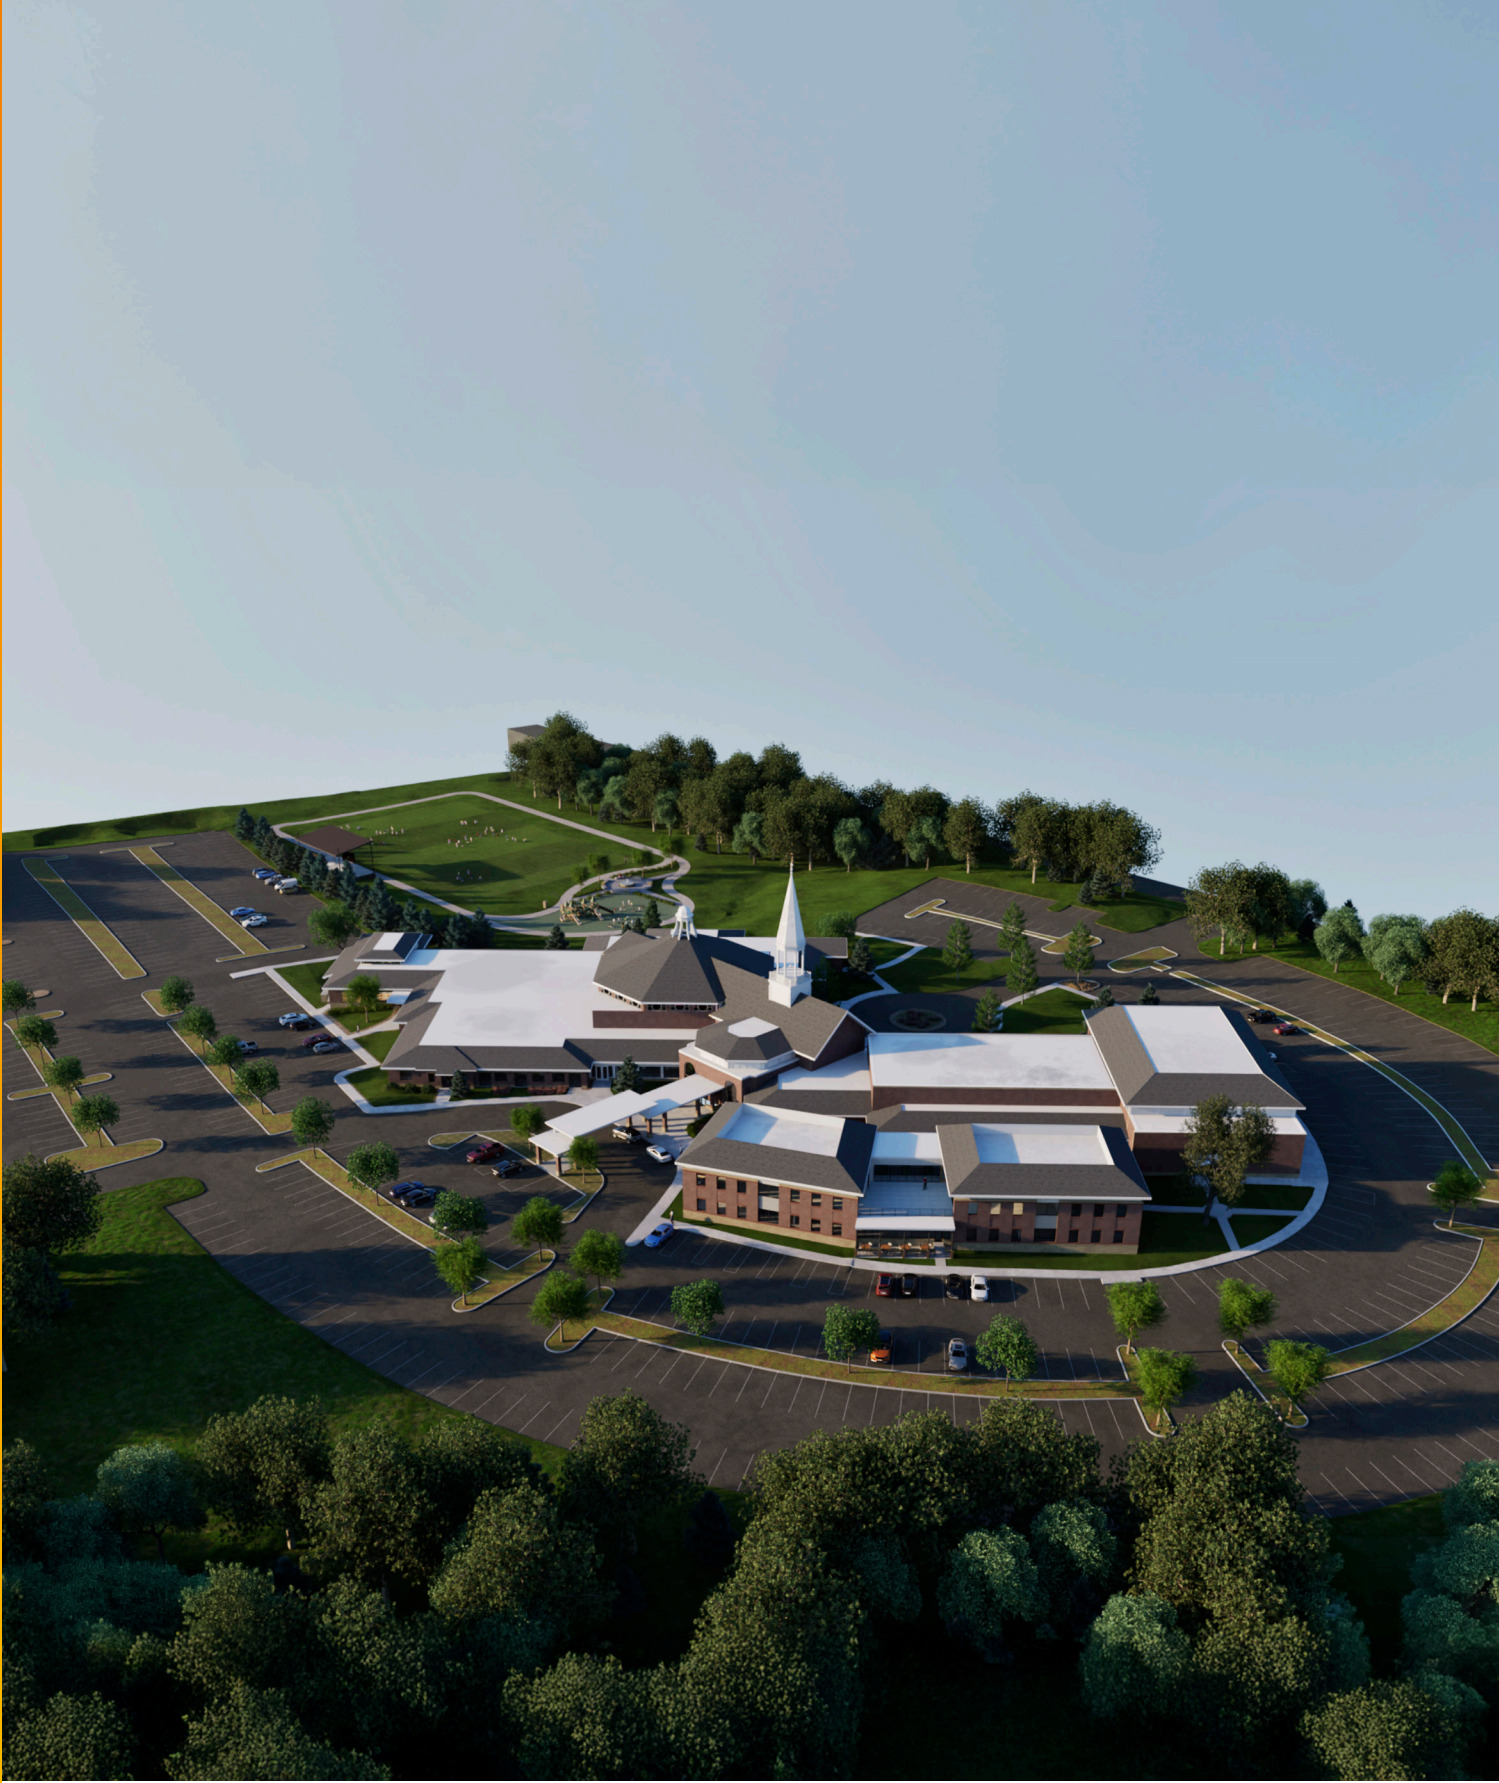

In 2021, with the launch of Reimagine, we set out to strategically and aggressively give to missions around the world with the hope of giving 30 million dollars over the course of 30 years. We believe we are in step with God's heart for missions both globally and locally through the intentionality of this goal and plan and believe, by God's grace, that the investment into the Every Minute Matters projects will bring about significant impact for our community and region.

Will there be enough adult classroom space?

We are presently limited in adult classroom space because of the demand for kids' space with increasing numbers of kids and families. The Every Minute Matters initiative allows for designated adult classroom space and eliminates anyone needing to use stairs to attend an adult class.

When will construction begin on the building and/or field?

We do not have any exact dates yet, but our hope is to begin construction in August 2025 should the Every Minute Matters initiative be successful.
